Planning Ahead: Making a Will with Confidence

Join Jessica Houle, Wills & Estates lawyer and CSO of LegalWills, for an informative and easy-to-understand presentation on one of the most important steps you can take for yourself and your loved ones.

Jessica will explain why having an up-to-date Will matters, what a Will actually does, and what can happen if you don't have one. She will also discuss the important decisions every Will should cover, including choosing an Executor and deciding how your estate will be distributed.

Drawing on nearly 15 years of experience as a Wills & Estates lawyer helping hundreds of Canadians create their Wills and other estate planning documents, Jessica will guide you through the different ways to prepare a Will and the advantages (and inconveniences) of each approach.

The presentation will also introduce other essential planning documents, including a Financial Power of Attorney, a Living Will (Personal Directive), and the importance of keeping a record of your assets.

Whether you already have a Will that needs updating or have been putting it off, this session will help you understand your options and make informed decisions about planning for the future.
