# Walkathon Final Results 2024

Our provincial walkathon has ended for 2024. The participation in the walkathon was about the same as 2023. The clubs that sent in reports this year did very well. The certificates will be presented at the convention on June 12<sup>th</sup> & 13<sup>th</sup>.

The provincial totals were 61261.73 kms walked, 28 clubs participated, and 314 members walked in 2024. The first-place finishers are as follows:

Highest Average Kms per Walker – Allan New Horizons – 354.10 Kms,  
Highest Average Kms per Club Member – Kelliher Seniors – 235.94 Kms and  
Highest Percentage of Club Members Walked – Kelliher Seniors – 100%.

Congratulations to Wendy Broadfoot from Allan who walked 2212 kms. Well done!! Honorable mention also to the following walkers, Allan Franz from Loon Lake Seniors who walked 656 kms, Ray Richard from St. Joseph Seniors St. Louis who walked 648 kms, Eric Aaamodt from Kelliher who walked 648 kms and Lynn Elder from Asquith Better Life Rec. Assoc. who walked 625 kms.

We had three walkers that logged over 500 kms. Special mention to Marie Crumetza, Allan New Horizons who walked 581 kms; Meada Wilson, Big River Seniors who walked 552 kms; Charles Biemans, Englefeld Good Neighbors who walked 540 kms. Well done Marie, Meada and Charles!

Also, Annette Pollard of Blaine Lake, 93 years walked 428 kms and Doreen Lamb of Ituna, 83 years walked 299 kms. Very impressive ladies! Keep up the good work!

Congratulations to all the clubs and walkers for being a part of our walkathon again this year. Every walker should be very proud. You are an inspiration to all.

Have a wonderful summer and be sure to keep moving!

# Resolutions

Be it Resolved: that SSAI lobby the Government of Saskatchewan and the Ministry of Health to make the **shingles vaccine** available at no charge for seniors in Saskatchewan.

Background: Shingles is a horrible disease, causing great discomfort and hardships, and has become more prevalent. The cost of a single vaccine is almost \$200.00, and 2 shots of vaccine are required.

Arguments: Seniors on fixed income cannot afford the cost of the shingles vaccine, and therefore are taking the chance that they will not get shingles.

Moved by: Adian Makahoniuk

Seconded by: Ruth Lister

Pelly Happy Hearts Club

---

Resolution: Shingles Vaccine

Be it Resolved: That SSAI form a sub committee to research the availability of the **Shingles Vaccine** for Seniors in Saskatchewan and that SSAI lobby the Government to make the Shingles vaccine available AT NO CHARGE for the Seniors in Saskatchewan.

Background: Whereas the Government of Saskatchewan through the Sask Health Care Program does provide influenza vaccines, the COVID vaccine and pneumococcal vaccine to all seniors at no charge.

Whereas Shingles is a debilitating disease, becoming more prevalent, causing great discomfort with potential long-term side effects. The cost for one dose is about \$170 and two doses are required. Seniors who are fixed income cannot afford the Shingles Vaccine.

Whereas the First Nations Health Authority (FNHA), as of September 1, 2023 made the Shingrix shingles vaccine at no cost to First Nations Elders who are 60 years and older. The vaccine should be available to all seniors in Saskatchewan.

Moved by: Sandra Clarke

Seconded by: Marion Ottas

Edam 49ers Club

---

Be it Resolved that SSAI lobby the government for **better dental coverage** notwithstanding current insurance coverage.

Background: Whereas if you have any self-coverage, you are ineligible

Arguments: Those of us who tried to provide for our future and ourselves are being denied government assistance in our golden years when most of us have a limited income.

Moved by: Sandra Halseth, Coordinator A2

Seconded by: Vivianne Lesko, Meota Do Drop In  
Region A

---

Be it resolved that SSAI form a subcommittee to lobby and encourage the government to amend the plan to encourage all dentists to participate, to negotiate better compensation for dentists to encourage **more dentists to participate in the new Dental Plan.**

Background: persons applying for plan are having trouble finding a participating dentist. We should further investigate and work with government.

Moved by: Annette Blaquiere

Seconded by: Florence Arlitt  
Districts 1 and 2 in Region A

## Senior's Housing

Whereas Seniors who have lived their lives in an **rural area** do not want to move to the cities when they are in need of **affordable assisted housing**:

Therefore, be it Resolved that SSAI lobby the Saskatchewan Government to supply more affordable assisted housing in the towns in Saskatchewan.

Moved by Edith Henry; Seconded by Linda Greba. Passed at May 9, 2024 meeting.  
President Bruce Clements, Shellbrook

---

Be it resolved: concerns that there are not enough **facilities to accommodate seniors couples** so they could be housed together according to their needs.

Background: the concern is that in rural areas most couples are separated and may not have family members or anyone to help them.

Arguments: Sometimes distance is a concern. They are put in facilities where family or friends cannot come that often to see them. This can be stressful on them.

Loneliness is a big concern also.

## Resolution: **Supplies for Diabetics**

Be it resolved that SSAI form a sub committee to lobby the Government of Saskatchewan to provide "free of charge" all needles, test strips and lancets, as well as the Readers and so that Diabetics can monitor their blood consistently.

Whereas, known drug addicts receive from the Government of Saskatchewan, safe injection needles and other supplies, and in several areas safe injection sites.

Whereas all diabetics need needles, test strips and lancets and insulin to have control over their disease. These are not covered under most private health plans.

Whereas diabetics who have better control over the disease results in reduced hospitalization, saving the health care system considerable resources.
